Status

We aim to make shop.epever.eu and pilot.epever.eu conform to EN 301 549 / WCAG 2.1 level AA, as required by the European Accessibility Act (Directive (EU) 2019/882) as implemented in the Netherlands, applicable from 28 June 2025. The sites are partially conformant: most content meets the requirements, the known limitations are listed below. This statement was prepared by self-assessment on 24 September 2026 [LAWYER TO CONFIRM: whether EPEVER qualifies as a micro-enterprise exempt for services].

What works

Keyboard navigation of menus, cart and checkout; visible focus; text alternatives for product images; form labels and error messages; zoom to 200%; colour contrast of the main theme; five languages with correct language attributes.

Known limitations

- Some older product datasheets and manuals are scanned PDFs without tags.
- Some product videos have no captions.
- The embedded payment form is provided by Stripe; its accessibility is Stripe's responsibility.
- Comparison tables may be hard to use with a screen reader on small screens.
